

# SOLIX ALGREDIENTS

a fresh choice for quality, flexibility and value

Solix Algrements is a B2B supplier of algae-based, natural ingredients that benefit health-conscious consumers.

One-stop shop for high-quality algal ingredients, including Solasta® Astaxanthin and Solmega® DHA.

## TRIPLE-FACTOR QUALITY MANAGEMENT SYSTEM

### Robust Testing

Supplier certification program, plus raw material, in-process, and finished product testing that meets or exceeds highest industry quality requirements.

### Rigorous Manufacturing Discipline

Implementation of FDA-based standard operating procedures for repeatable, reproducible quality management activity.

### Third-Party Certification

Solix's manufacturing processes are certified by industry respected, third party organizations to be in conformance with the requirements of FDA cGMP.

Rapid delivery via USA-based product inventories.

Customization with in-house blending to formulate natural astaxanthin in a variety of carrier oils.

Competitive pricing reflects value leveraged from cost-advantaged supply chain.
