

SOLASTA® Astaxanthin Quality You Can Count On

Solasta® is a natural astaxanthin extract produced from *Haematococcus pluvialis* (microalgae).

It's non-GMO, vegetarian, extracted in the USA, and complies with the stringent United States Pharmacopeia (USP) specification.*

*including pheophorbide, a potential by-product produced by poor quality raw material and/or harsh processing conditions during the astaxanthin extraction

Solix Algedients has received third-party GMP Certification for the manufacturing of Solasta® Astaxanthin. GMP (or cGMP) refers to the Current Good Manufacturing Practice regulations enforced by the US Food and Drug Administration (FDA).

Solasta® Astaxanthin has received the "Approved Quality" seal certification from ConsumerLab.com.

Solasta® 10% is tailored for easier handling and processing efficiency. Flowable at room temperature, which aids the softgel manufacturing process.
